*Lord of Mercy,*

*9-11 carries a heavy burden of memory*

*This day does not pass in the calendar without our remembering*

*We remember images of death and destruction*

*We imagine the feeling of emptiness in the arms of children who at the end of the day could not find mom or dad for their welcome home hug*

*We remember our own feelings of emptiness as our own sense of security, as our own confidence in the predictable order of life and work was radically shaken*

*We remember the heroism of the many that lost their lives in saving others*

*We remember all those who suffered and died, we grieve for them still, friends and strangers alike, along with their families and friends*

*And it is right, that it should not pass from our memory*

*Lord, we will always remember*

*Lord grant us peace*

*Amen*

*Ms. Blair was asked to read the following resolution:*

*Board of County Commissioners, Geauga County, Ohio*

*Resolution: #21-114*

*Date: September 9, 2021*

**A RESOLUTION IN HONOR AND MEMORY OF EVENTS OF TWENTY YEARS AGO, ON SEPTEMBER 11, 2001, AND ALL THOSE THAT WERE LOST IN THE TRAGEDY OF THOSE EVENTS**

*WHEREAS, September 11, 2001 started as just a routine day, or so it seemed for the passengers as they boarded Flight 11 and Flight 175 in Boston, Flight 77 in D.C. and Flight 93*

**Commissioners' Journal**  
**September 9, 2021**

*in Newark, unknowing that hijackers were among them on the planes with a plan to carry out a malicious attack; and*

*WHEREAS, Flight 11 after being overtaken by the hijackers aboard, was intentionally flown, fully intact at 8:46 a.m. into the north face of the north tower (1WTC) of the World Trade Center, entering the building between floors 93 and 99. Just minutes later, Flight 175 that had also been overtaken was intentionally flown into the south face of the south tower (2 WTC) of the World Trade Center at 9:03 a.m., entering between floors 77 and 85 and causing parts of the plane to leave the building upon impact on the east and north sides that landed several blocks away in the city; and*

*WHEREAS, Flight 93 was over Northeast Ohio at 9:28 a.m. when the hijackers aboard began to take over the plane, changing the flight path and heading towards the southeast. Many residents of Geauga County reported seeing the plane fly over. Passengers on board of Flight 93 heard of the events at the World Trade Center and began to fight against the hijackers, which caused the plane to crash at 10:03 a.m. into a field near Shanksville, in Somerset County, Pennsylvania; and*

*WHEREAS, while those passengers were fighting, Flight 77 had also been taken over by the hijackers and was intentionally flown into the western side of the Pentagon, at 9:37 a.m. causing a violent fire in the building; and*

*WHEREAS, just fifty-six minutes after the impact of Flight 175 into the South Tower, it collapsed at 9:59 a.m., one hour and forty-two minutes after the impact of Flight 11 into the North Tower, it collapsed at 10:28 a.m. The Marriott Hotel located at the base of the two towers was destroyed when the towers fell. At 10:50 a.m. five stories within the Pentagon collapsed from the intense fire; and*

*WHEREAS, first responders, including firefighters and law enforcement immediately began their response when the first tower was impacted, coming from stations all over the city. As the planes were flown into buildings in other locations, first responders rushed to aid in what they hoped to be a rescue, but sadly became more of a recovery effort; and*

*WHEREAS, Firefighters, Law Enforcement and Military personnel responded and fought to assist with saving lives, but sadly almost 3,000 people perished in the events of that day, among those lost, included the passengers and crew aboard the 4 planes, 343 Firefighters and Paramedics, 23 New York City Police Officers and 37 Port Authority Police Officers, and 55 Military personnel at the Pentagon; and*

*WHEREAS, several Geauga County Firefighters and Police Officers responded to assist in the life saving and recovery efforts in New York City, Washington D.C. and in Pennsylvania; and*

*WHEREAS, twenty years later, September 11, 2021, we still remember the events of that day, the tragedy, the loss and the continued affects that those events have had over the years and the tragedy that continues to unfold from the impact of exposure, "We will never forget" Today we honor those lost, we honor the bravery of those that fought and those that responded; and*

*NOW, THEREFORE, BE IT RESOLVED, that the Geauga County Board of Commissioners do hereby remember the events of September 11, 2001 and honor all those that were lost in the tragic events of that day, and*

*BE IT FURTHER RESOLVED, that this Resolution become part of the permanent record of the Board of Commissioners of Geauga County, Ohio.*

**HEALTH DISTRICT – INTERIM ADMINISTRATOR UPDATE**

*Interim Administrator Adam Litke explained that he has been working for Geauga Public Health District for the last five years doing finances and human resources and for the Lake County Health Department for seven years and previous to that worked for a private audit firm. Mr. Litke explained that he had met with Mr. Morgan yesterday and expressed that the Health District Board plans to work hard to earn back the public's opinion and make sure that everything within the county is taken care of and to also win back the trust of the residents and assist the public any way they can. The fight right now is how to keep the kids in school and not shut down the schools, to ensure the safety and well-being of the kids. Mr. Litke wanted to say hello and introduce himself and keep the lines of communication open. Mr. Litke stated they are working on making changes within the district, including with septic systems to assist the public. Board member Richard Piriano expressed that the Board has a lot of faith in Mr. Litke, recognizing the positive comments from other Elected Officials. The Board of Health wants to be the best and be the conscience of all citizens, not just a few.*

*A local resident Anna Peric, expressed that we are facing the most critical health issue of our time and that there needs to be someone in the position that has a public health background, a degree in finance is not the qualification for this position. This resident was at the meeting where Mr. Quade was terminated and she is grateful for that. The leadership under Mr. Quade wasn't looking at medical truth outside the CDC, so we need someone qualified but is not impartial to the doctors and institutions that have been categorically censored by big tech, the virus has not been isolated and the PCR tests cannot test for said virus and does 5G play into what the hospitals are being introduced to as COVID systems, it's odd, the therapeutics such as hydroxychloroquine and ivermectin are being shunned by the CDC, we cannot continue to battle this sickness that people are coming down with, including shortness of breath, fatigue, but we cannot continue to implement policy that are not based on truth and that are harmful to children, masking a child for four hours with a ten-minute break taxes their immune system and the masks have known carcinogens in them, we need an interim and permanent health director recognize truth and not just go with the CDC.*

*Mr. Litke stated that he is not the health commissioner, he's an administrator, that Dr. Reed, is current Interim Health Commissioner, and is a Physician at UH.*

*We need a health commissioner that is not in lock step, and policy that does not violate constitutional rights, we need policy that are based in logic, reason and medical truth and consistent with the US Constitution. We need to move Geauga County forward, not with political agenda, let's have a plan that includes holistic and natural solutions not just big tech COVID vaccinations that do not prevent the transmission or infection of SARS Coronavirus II.*

*Commissioner Spidalieri applauds what they are doing and expressed that he brought before this Board a request to send a letter to the Board of Health in regards to Mr. Quade, he has been accused of being opinionated and is not an employee, but an Elected Official. Mr. Spidalieri stated that he speaks for the people and has been elected three times, adding that we need to start holding people accountable and be involved with the Trustees that are making the decisions to appoint to the Boards. Mr. Spidalieri briefly discussed something that had transpired at a Board of Health meeting with members that had planned to step down and then at the last moment changed their minds, and that in his opinion was unethical. Mr. Spidalieri stated that the people need to start holding their elected officials accountable, mentioning his daughter that has been sick at college from wearing a mask, along with as a police officer the other side with mental illness, including suicide. You need to start to take control of the School Board and Trustees that represent you and making decisions for you.*

*Ms. DiNallo expressed that they are on top of the school boards and their appointed employees that have taken those positions to be held accountable. Applauding Mr. Spidalieri and that they will be holding those people accountable. Ms. Hillis added that they have been working on the school boards. Mr. Spidalieri family, faith and education and we lose those three, we will collapse and these are being challenged every day.*

*Ms. DiNallo inquired about forensic audits and how they can get them performed. Mr. Spidalieri stated that there are strings attached to grant funding, and there is no different with the education system, including the critical race theory. If you elect bad people, you get bad results, if the right people were in there you wouldn't be having the current results. You need to get involved, and I understand that people don't want to get involved because there are people that are going to try and bash you when you try to stand up for yourself. I only have to stand up to one person in this life.*

*Newell Howard express his frustration, that as a resident of South Russell, he is astounded by the Mayor and Trustees.*

*Mr. Litke added that he used to do audits for a living and if you go to the State Auditor's website you can view audit's, the private entities perform the audit and then submit it to the state. The firms are selected by open bid, the state or schools don't have any input in it.*

*Mr. Dvorak noted that for the Health District there are 16 townships and they each get 1 vote and the villages and the city get a vote, so there are 21 people who pick the five-person Board who can hire and fire the Director.*

*Maria Ivonne Gerard expressed that we are all entitled to our own opinions, but there is one book that we can all agree that we need to uphold, as a nationalized citizen she came here and became a citizen of the United States, reading an excerpt from the Constitution, that we are one people and we need to work as one people.*

*There was discussion about the constitution not being allowed to be given to the students in the schools, and that what is taking place today, is what they need to do, with the Board to get their voices out and to be heard.*
