ENGINEER'S OFFICE – RESOLUTION TO IMPROVE BUTTERNUT ROAD – BURTON TOWNSHIP

County Engineer R.L. Phillips stated that they have decided not to do this project this year but requested the resolution still be passed as the project will be done next year. The reason they are backing off from this project is that the bridge is almost out of the right of way, there is a “wrinkle” in the road and the bridge is very narrow. They would like to put in a new box in the area and do some realigning on the road, which may get done this fall. The resurfacing can be done next year. Mr. Phillips said they have saved enough money on some projects to allow them to do Burton Windsor Road from the village to Route 608. Mr. Phillips reported that Bainbridge Trustees passed a resolution and accepted the plans for Kenston Lake Ditch and they have advertised for bids for the project. The trustees also advertised for bids for the Hawksmore project. The trustees are also looking for a well contractor who can do plasma charges to try to create holes in the pipe/piece of metal (standpipe drain in the lake) to make it like a sieve to allow the water to drain out of the lake at the Kenston Lake. This will help reduce the lake at a slow rate to allow the area to dry out.

Motion: by Commissioner Jemison, seconded by Commissioner Samide to approve and execute Resolution 09-118 to Improve Sections G and H of Butternut Road (CH 21) in Burton Township.
