**ENGINEER'S OFFICE – RESOLUTION DECLARING IT NECESSARY TO LEVY A TAX –  
CONSTRUCTION, RECONSTRUCTION, RESURFACING AND REPAIR OF STREETS, ROADS  
AND BRIDGES**

*Mr. Phillips explained that this road/bridge levy is a renewal and is for five years. The current levy is actually up in 2011 but it is easier on everyone to get it done ahead of time. This levy was first passed in 1986 and is the fifth renewal which started out at \$2.7 million and climbed to \$3.3. About \$5 million is spent a year to maintain roads and bridges with \$3.3 million coming from the levy and the balance from state and federal funds.*

*Sections 5705.19(G), 5705.25, 5705.26 of the Ohio Revised Code*

*WHEREAS, the amount of taxes which may be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the necessary requirements for the general construction, reconstruction, resurfacing, and repair of streets, roads, and bridges in Geauga County;*

*NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Geauga, State of Ohio, two-thirds of all members elected thereto concurring, that:*

*Section 1. It is necessary to levy a tax in excess of the ten-mill limitation for the benefit of Geauga County for the purpose of general construction, reconstruction, resurfacing, and repair of streets, roads, and bridges in Geauga County as authorized by Section 5705.19(G) of the Ohio Revised Code at a rate not exceeding two and five tenths (2.5) mills for each one dollar of valuation, which amounts to twenty-five cents (\$0.25) for each one hundred dollars of valuation, for a period of five (5) years, and which levy is a renewal of an existing levy of 2.5 mills.*

*Director Dave Dietrich stated that the wetland credits are winding down at the Pope Home site and they want to move forward with the additional restoration credits. More discussion will come in the future on the restoration credits and the preservation credits at the County Home site (which represents about 32 credits). There is a long way to go with these at the state and federal levels. Mr. Dietrich added that they are no longer using a consultant as they are working with Soil and Water Conservation District who is doing the technical components of the program. Planning is trying to keep costs down while still moving forward with the program. Commissioner Samide commented that it's good that this is coming at a time of economic downturn.*

Dominion East Ohio) for the purchase of 1.3 wetlands preservation credits in the amount of \$11,700.00 (Check #0504 for \$1,170.00 – 10% down payment) from the Geauga County Upper Cuyahoga Consolidated Wetlands Mitigation Bank, "Pope Home Site" (Troy Township).*

**OFFICE OF COMMUNITY AND ECONOMIC DEVELOPMENT – RESOLUTION TO SET ASIDE FUNDS IN ACCOUNT T02 FOR CDBG ACTIVITIES**

*Director Anita Stocker explained that when the CDBG application is submitted the State inquires as to what the balance of the Revolving Loan Fund is. If the balance is over \$100,000, no matter what else has been done with the fund, it is treated as fair game for the state to recapture those unused funds. Ms. Stocker added that it is in the agreement with the State that it is recognized every five years that those funds are the State's and that they have authority over those funds. If the Community Development wants to use the funds for something other than their set purpose they must let the State know in advance. The state then sends their approval and the funds can then be transferred. This process was put into motion a few weeks ago but ran into road blocks about physically transferring funds. At first it appeared they could not be transferred but now appears that maybe they can be transferred. If the department should get more Revolving Loan applications that would get preference to those funds as that is the base of that money.*
