*The Geauga County Board of Commissioners met in session on November 25, 2008 at 10:00 a.m. in the Commissioners' Chambers located at 470 Center Street in Chardon, Ohio.*

*It is declared and determined that all formal actions of the Board of County Commissioners concerning and relating to the adoption of all resolutions that were adopted in this meeting, and that all deliberations of the Board of County Commissioners that resulted in such formal action were open to the public and were in compliance with all legal requirements, including section 121.22 of the Ohio Revised Code.*

*The Vice President of the Board, William S. Young opened the meeting at 10:13 a.m. by leading the Board and audience in reciting the Pledge of Allegiance.*

*Commissioner Albert was absent from this session.*

*Commissioner Young commented that he is personally very excited and very positive with the power lines that were approved by the Ohio Power Siting Board and the positive net gain to Geauga County. Commissioner Young realizes there are a few people upset about these lines but the reality is that Geauga County needs these lines to make Geauga strong with dependable power from First Energy. Commissioner Samide commented that this is a positive step for the County and does feel bad for property owners. Commissioner Samide added that she believes it will be a minimal impact and those affected will be fine in time. Commissioner Young added that before the CARE group was started Jim Galm (President of the CARE Group) spoke with him and expressed his personal concern with a radio tower that was going to be constructed in his back yard and the negative effect the lines would have on that tower.*

Ms. Bell added that the department has only lost one volunteer driver because of the rising gas prices and she is very proud of those dedicated people. Ms. Bell commented that they deliver approximately 300 meals a day. Ms. Bell reported that the Farmers Market program was put back to a nutrition program rather than an income eligible program.
