SHERIFF'S OFFICE – 2011-2012 VICTIM OF CRIME ACT (VOCA) AND STATE VICTIM ADVOCACY ACT (SVAA) GRANT APPLICATION

Sheriff Dan McClelland along with Scott Hildenbrand explained that this grant is one that has been done for a number of years for the Victim's of Crime that allows Tracy Jordan to work with victims of crime and their families on-scene, and up to the point that it becomes a court process and then turns over the family to the court advocate. Sheriff McClelland stated that this is a very difficult job and most recently was engaged in helping with the Henry Family. Commissioner Jemison inquired if the matches were the same as they had been in the past and stated that Ms. Jordan does a great job in a tough situation. Sheriff McClelland stated that the matches were the same and that Ms. Jordan does a remarkable job.

Motion: by Commissioner Samide, seconded by Commissioner Young to approve and authorize the President of the Board to execute the 2011-2012 grant application for the Geauga County's Victim of Crime Act (VOCA) and State Victim Advocacy Act (SVAA) in the amount of \$48,827.00. As part of this grant, \$34,174.00 is being requested from federal VOCA funds, \$3,261.00 from SVAA fund, a local match of \$10,355.00 from the County General fund and \$1,037.00 from the Sheriff's Office Law Enforcement Trust Fund. COMMISSIONERS' OFFICE – GEAUGA COUNTY AGRICULTURAL SOCIETY

County Administrator David Lair stated that in doing the accounting on what has been received from the gas well located on the fairgrounds property that an understanding between the Board and the Agricultural Society is that the Society would receive the proceeds initially and at which point if it produced beyond a certain amount would then be divided. As of this point it's not producing what the initial thoughts were as to what it would be. Mr. Jemison stated that original plan was to add an additional well on the property and at this point that is not happening.

Motion: by Commissioner Samide, seconded by Commissioner Young to approve an additional encumbrance and expenditure to the Geauga County Agricultural

COMMISSIONERS' OFFICE –PRESS RELEASE AND NOTICE OF COMPETITIVE SEALED PROPOSALS – WIRELESS INTERNET SERVICE PROVIDERS

Director of Archives and Records Center Linda Burhenne explained that they had been looking to find a vendor to partner with to bring Wireless Internet Service to particularly the Industrial park in Troy Township and then after that to the east side of the County where they are severely underserved by broadband. Ms. Burhenne explained that they had looked into what the County of Coshocton had done and used their documents as a starting point to develop our own request for proposal. Ms. Burhenne explained that it was decided to use a newer process called a Competitive Sealed Proposal, which is something in between a Request for Proposal and a Bid. This sealed proposal gives more flexibility in terms of negotiating with people and choosing the best option for our needs, whatever those are. Ms. Burhenne explained that when a bid is used we are required to accept the lowest and best bid presented; this sealed proposal was written to allow us to not do anything if it is not the way the county wants it. Our goal here is to utilize

Commissioners' Journal

assets that the county already has and that the taxpayers have paid for to leverage a cooperation with whomever the vendor will be by letting them place radio equipment on towers that we already have, using the electricity and generators there that are already in place as a kind of inducement to let them get started. The law only allows the county to contract for five years with anyone, so theoretically at the end of five years we go to the vendor and say you are making money so now you need to start sharing with the taxpayers or however this gets structured as we go through the process. Ms. Burhenne stated that this was the first step, we are advertising and stating what we want, and are asking for them to tell us how they are going to make that happen and that we are not paying anything.

Ms. Samide asked for further explanation on the sealed proposal, not understanding it fully as she had always thought request for proposals were always sealed. Ms. Burhenne stated that a regular request for proposal does not have to be sealed because you are asking for it, whereas this sealed proposal is really in between and it does have to be sealed, but unlike a regular bid opening we do not have to take the lowest and best bid.

Mr. Lair stated that this new process has taken some time to make sure that it is being done to the legal requirements in order to get the best provider for the residents and the best return and ultimately down the road we would be able to use it for our safety forces. Mr. Jemison stated that this could be a way to cut down on the costs and the use of air cards in emergency vehicles. Mr. Jemison stated that he felt this was a win-win for the residents and eventually for the county if and when it becomes county wide.

Mr. Lair stated that initially it would be in the Troy Township area on the tower that is currently being completed. Technology is advancing and a potential vendor has made the statement that their company could do the whole county on four towers. Ms. Samide made the statement that we have communication with the space station and as far as she was aware that there is no wire running in between.

Mr. Lair noted that last week he and Ms. Burhenne had attended a ribbon cutting for a new tower in Knox Township in Columbiana County, and while they were there had the opportunity to speak with the vendor and the residents that are now using the services off that tower. A press release will be sent out along with the legal notice and we are hopeful that we will receive a number of proposals.

Motion: by Commissioner Samide, seconded by Commissioner Young to approve the press release and grant permission to advertise for the Notice for Competitive Sealed Proposals, pursuant to O.R.C. 307.862, to Wireless Internet Service Providers (WISP) to solicit for service to the underserved areas of Geauga County to be held on Wednesday, July 20, 2011 at 2:00 p.m. Notice of this Competitive Sealed Proposals will be advertised on June 9, 2011, June 16, 2011 and the county website.
