COUNTY ENGINEER'S OFFICE – ACKNOWLEDGE RECEIPT OF PLANS – SET PUBLIC HEARING – ASPHALT RESURFACING AUBURN ROAD, CHARDON TOWNSHIP

Engineer Michael Stone explained that this was a Federal Aid project and the public hearing is for the environmental justice provisions within the Federal Code. The plans have been filed with the Commissioners and the Engineers are asking to set the hearing for February 1st to approve the plans and move ahead with the Federal funding. Commissioner Young asked for further information about something from four years ago, referencing the date of the resolution of May of 2007. Mr. Stone explained it as the first resolution that actually set up the project allowing them to pursue federal funding. As they go through the NOACA and Federal process, the TIP timeline now is about four years. Mr. Stone stated that they basically have to start their projects four years in advance. Mr. Stone explained that they had been lucky during ARRA times that they had projects that they put in for and moved up due to projects being finished and allowing other items to also get done. It most often occurs that the first resolution for a given project is dated in a year previous to its completion. Commissioner Samide commented that sometimes they (NOACA) have extra money left over when they go through the projects and that little bit of money opens up to allow for other projects and sometimes our projects are able to get in on it. Commissioner Jemison commented that we had gotten a few extra projects in last year. Mr. Stone responded that last year was a very big year.

Motion: by Commissioner Samide, seconded by Commissioner Young to acknowledge Receipt of Plans for the Asphalt Resurfacing of Auburn Road (CH 4, Sections S-U) in Chardon Township per Resolution #07-082 approved May 3, 2007. This will set a public hearing to be held February 1, 2011 at 10:15 a.m. Notice of this hearing will be published on January 20 and January 27, 2011.

COUNTY ENGINEER'S OFFICE – RESOLUTION TO IMPROVE BASS LAKE ROAD,
MUNSON TOWNSHIP

Mr. Stone stated that this was the first resolution in that process to start putting it all together, including the design and plans for the project this summer. Mr. Stone explained that they will be doing some further studying as there seems to be some drainage issues in the lower section just north of the township line. This project includes a portion of section D, starting at Butternut and going north to Mayfield Rd.

Motion: by Commissioner Samide, seconded by Commissioner Young to approve and execute Resolution #11-005 to Improve Bass Lake Road (CH 23, Section D&E) in Munson Township.

Board of County Commissioners, Geauga County, Ohio

*Resolution: 11-005
Date: January 13, 2011*

**RESOLUTION TO IMPROVE A PORTION OF SECTION D &
SECTION E OF BASS LAKE ROAD (CH 23) IN MUNSON TOWNSHIP**

WHEREAS, the Board of County Commissioners of Geauga County has determined the public convenience and welfare requires the improvement of Sections D&E of Bass Lake Road from the Newbury / Munson Township line to Mayfield Road (US 322) in Munson Township in accordance with Section 5555.022 of the Ohio Revised Code.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of Geauga County that the public convenience and welfare requires the improvement of Sections D&E of Bass Lake Road from the Newbury / Munson Township line to Mayfield Road (US 322) in the Township of Munson, County of Geauga by constructing and reconstructing culverts, performing drainage improvements, widening, asphalt resurfacing and improving the shoulders as necessary.

BE IT FURTHER RESOLVED that the Geauga County Engineer is hereby directed to complete necessary surveys, plans, profiles, cross sections, estimates of cost and specifications as are required for the improvement and to transmit copies of the same to this board at the time such plans are completed.

BE IT FURTHER RESOLVED that special assessments to real estate will not be assessed to cover the damages, costs and expenses of constructing this improvement and that the compensation, damages, costs and expenses of constructing said improvement shall be appointed as follows:

The engineering and right of way costs shall be paid from local roadway improvement funding sources. The construction costs shall be paid from local roadway improvement funds and any federal aid or state grants that may be secured for the project.

BE IT FURTHER RESOLVED that if preliminary designs show that the project cannot be built within the current right of way of Bass Lake Road, pursuant to Section 5555.09 of the Ohio Revised Code, the Geauga County Engineer is granted permission to negotiate with owners to secure the lands, right-of-way, easements or work agreements required for the improvement.

BE IT FURTHER RESOLVED that the County Clerk is hereby directed, upon the filing of the plans, specifications, estimates, etc., for the improvement by the County Engineer, to schedule a time at a regular meeting of the Board of Commissioners for the Board to review the copies of the surveys, plans, profiles, cross sections, estimates and specifications for the improvement.

BE IT FURTHER RESOLVED that the Clerk of the Board of County Commissioners of Geauga County is hereby instructed to transmit a certified copy of this resolution to the Munson Board of Township Trustees and the Geauga County Engineer.

COMMISSIONERS' OFFICE – PUBLIC HEARING – ANNEXATION OF ST. LUCY'S CHURCH INTO MIDDLEFIELD VILLAGE

Commissioner Jemison asked for a motion to waive the reading of the legal notice.

Motion: by Commissioner Samide, seconded by Commissioner Young to waive the reading of the legal notice for the public hearing.

<i>Roll Call Vote:</i>	<i>Commissioner Samide</i>	<i>Aye</i>
	<i>Commissioner Young</i>	<i>Aye</i>
	<i>Commissioner Jemison</i>	<i>Aye</i>

Commissioner Jemison opened the public hearing at 10:30 a.m. and after swearing in Maryellen Staab, Director of Housing Development for Catholic Charities Housing Corporation, Mr. Jemison asked Ms. Staab to explain the reason for the request. Ms. Staab explained that she was there to discuss the annexation of the property on the St. Lucy's Church parcel. Ms. Staab explained that their desire was to petition the Commissioners to annex the parcel from the Township of Middlefield to the Village for the purpose of utility services to move forward with the development of the senior housing proposal. The proposed project received funding through the state of Ohio in 2010. In order for them to move forward with the plans, construction review they are requesting to be annexed into the Village. Ms. Samide commented that they wanted to be annexed for better sewer and water.

Mr. Jemison opened the hearing to anyone for questions or comments and he or she please state their name and allow if needed, be sworn in. Mr. Jemison stated they the Commissioners had received letters from both Middlefield Township and Village stating that neither are objecting and that they both were in agreement with this request.

David M. Ondrey, solicitor for the Village of Middlefield stated that they were not objecting and that they had entered into an agreement to permit this annexation to go forward once it's given approval by the Commissioners. The Village understands that the process requires the Village be notified and that they then cannot do anything for a sixty-day period. Mr. Ondrey stated that they already were in active discussions as to the layout of the facility once it's built. Mr. Ondrey stated that council member Scott Klein and village administrator Dan Weir were present if there were any questions, but that from the perspective of the Village it was a desirable event.

Mr. Jemison stated that in order to satisfy all the requirements for the O.R.C., those present should explain the benefits to the territory proposed to be annexed and the surrounding area and if the benefits will outweigh the detriments. Ms. Staab stated that she would defer to their agent Carolyn Schuemann or their attorney Randy Shorr.

Mr. Jemison swore in Ms. Schuemann. Ms. Schuemann stated that they certainly looked at that section and felt very confident that if the annexation is approved that the senior development would be moved forward and that both areas would benefit from it and that it would not be detrimental to the Township that it would be annexed from. As mentioned by Ms. Staab, utility services are necessary to move forward with development and that need outweighs any detrimental effects of the movement from the Township to the Village.

Commissioners' Journal
January 13, 2011

Ms. Samide noted that on a map of the area in question, there is a little area in the middle of the Village that is part of the Township, and that this appears very unusual. The Village surrounds the Church, so as for placement goes, the church property is surrounded by the Village.

Attorney Randy Shorr commented that one condition for annexation is that the territory is not unreasonably large and in this case everyone is aware this is a single parcel that is essentially surrounded by the Village as it now stands. This is a single parcel with a single owner and that they are not moving a large swap of territory and that they satisfy that one condition of the annexation.

Ms. Samide stated that they have sidewalks that go down to the Church. Commissioner Young stated that about 2-3 years ago those were put in for around \$70,000.00 using a Block Grant. Ms. Samide asked if there was anyone not happy about the annexation. Ms. Staab responded none that they were aware of, that they had not received any feedback from any of the notifications. Mr. Young commented that this has no impact, and asked what was on the south side of Kinsman Rd (Route 87). County Administrator David Lair responded that single-family homes were located there. Mr. Jemison commented that it was nice to get the sidewalks down and even if this project wouldn't have gone through just reaching the Glen Valley development was important.

Mr. Jemison posed the question that no street or highway would be divided or segmented by a boundary line due to this annexation. Ms. Schuemann responded that it was not an issue.

Mr. Ondrey from Middlefield Village stated that for the record for the good of the territory that the Township would not be losing any real estate taxes due to the nature of the current use. Mr. Jemison stated that the Township had alluded to that fact in a letter to the Commissioners as a reason why they were not objecting.

Being no further comments or questions from the public Commissioner Jemison closed the public hearing at 10:37 a.m.

Mr. Jemison stated that as part of the public hearing the Commissioners have thirty (30) days to make a decision and that they were waiting to receive a finding of facts from the Assistant Prosecutor. Once that is received the Commissioners will make a decision on the request for annexation and understand that there are some deadlines and will try and do this as soon as possible.

COMMISSIONERS' OFFICE – EXECUTIVE SESSION

Motion: by Commissioner Samide, seconded by Commissioner Young to move into executive session for the purpose of discussing the R.C. 121.22(G)(4) Preparing for, conducting, or reviewing negotiations or bargaining sessions with public employees concerning their compensation or other terms and conditions of their employment.
