**DEPARTMENT OF WATER RESOURCES – DISCUSSIONS FOR EXPANSION – DIRECT SERVICE AGREEMENT – CITY OF CLEVELAND DIVISION OF WATER – COUNTY LINE ROAD RUSSELL TOWNSHIP**

*Director Doug Bowen explained that they received a request from Russell Township to expand the Cleveland Water District by one parcel at the request from a homeowner. Russell Township has already approved the expansion. The next step is to go to the Cleveland Water Department and ask them to expand our service agreement by one parcel. Mr. Bowen stated that they hoped they could get it done over the phone instead of having to go there. Ms. Samide stated that this*

**DEPARTMENT ON AGING – CONTRACT – WESTERN RESERVE AREA AGENCY ON AGING FOR SENIOR TRANSPORTATION SERVICES**

*Sally Bell, Director explained that these two contracts are from the Federal Government. Ms. Bell expressed that she had concern for this contract with the implementation of a new program of Aging and Development Resource Centers taking money off the top of the Older Americans Act that comes into each region. The Geauga County senior population is growing and our increase went on the new appropriations of their funds. This allowed us to keep everything we thought we were going to lose, so the ADRC money is totally new money for us. The Western Reserve Area Agency on Aging contract is for the Senior Transportation program. Ms. Bell explained that they have such a large transportation program that this money only gets used to transport their clients that have Alzheimer’s and Dementia helping to offset costs. This amount doesn’t cover the total costs of the program but it is certainly a help that is appreciated.*

*Motion: by Commissioner Young, seconded by Commissioner Jemison to approve and authorize the President of the Board to execute a Contract between the Geauga County Board of Commissioners and Western Reserve Area Agency on Aging for the Department on Aging to receive senior transportation services for the Older Americans Act / Senior Community Services Program for the period January 1, 2011 through December 31, 2011, in the amount of \$196,419.00.*

*Matter of Balance” that was developed out of a University in New England. It helps seniors to lessen their falls. This program is not only an exercise class but it also has an education component. A staff member and senior volunteer teach the classes. Ms. Bell explained that staff member Sandy McLeod was sent to a National training and has been certified to teach the rest of the staff and have a certified instructor at every senior center. Ms. Bell explained that this amount was a little more than last year for Health Education.*

*Motion: by Commissioner Young, seconded by Commissioner Jemison to approve and authorize the President of the Board to execute a Contract between the Geauga County Board of Commissioners and Western Reserve Area Agency on Aging for the Department on Aging to receive Matter of Balance services for the Evidence Based Prevention Program Initiatives – Matter of Balance for the period June 1, 2010 through May 31, 2011 in the amount of \$7,200.00.*

**AIRPORT AUTHORITY – REIMBURSEMENT #2 – FEDERAL AVIATION ADMINISTRATION (FAA) AIP #3-39-0054-1410 REHABILITATE RUNWAY PHASE 2 PROJECT**

*Patty Fulop, Manager stated that this was a reimbursement for the project that they had done this summer for the runway. Ms. Fulop explained that the project was done and that it was beautiful, and it was done right using a two inch layer of leveling coarse, fabric laid over top with two inches of pavement. Control joints were cut all along the edge to allow for movement during freezing, allowing for easier repair if there is breakage. This reimbursement will be submitted today with a processing time of about thirty days through FAA. This amount will most likely come in 2011 however the local match was figured into the 2010 budget.*

*Motion: by Commissioner Young, seconded by Commissioner Jemison to approve and authorize the President of the Board to execute Reimbursement #2 for Federal Aviation Administration (FAA) AIP #3-39-0054-1410 Rehabilitate Runway 11/29 Phase 2 Project in the amount of \$487,365.00 (FAA share of \$462,997.00 and a local match of \$24,368.00).*

**AIRPORT AUTHORITY – FEDERAL AVIATION ADMINISTRATION (FAA) AIP #3-39-0054-1511 RECONSTRUCT APRON PHASE 2 PROJECT PRE-APPLICATION**

*Ms. Fulop stated they would be applying to the FAA for next year's grant funds for the next project needing to be completed. Ms. Fulop explained that with the Runway being completed they discovered that heavy trucks and vehicles driving across the ramp were causing it to break down. Ms. Fulop said that she had learned that a good portion of the airport was built on shale. Over time it breaks down and this is causing the sub-base to give out. Once moisture gets inside with the freezing and cooling, it breaks down farther every year. They have come up with a plan to pull up all of the pavement and put in drainage underneath. The area between MedEvac and the runway is part cement and part asphalt pavement; they would remove the pavement and make the entire area cement because this takes most of the weight of the helicopter and fuel trucks coming to fill their tank. Placing a cement pad near the filling station ensures that the vehicles won't break down the pavement. Stepping up the pavement making it thicker will also help with breakdown problems, putting in drainage and pavement for the rest of the ramp. Ms. Fulop expressed concern over receiving the full amount from the FAA, stating they have to apply and see what transpires. Ms. Fulop stated that they had spoke with ODOT, but it was not yet time to apply for their assistance. FAA money is not stimulus money and comes with stipulations, such as having to keep the airport open for the next twenty years; these stipulations cause a lot of airports to not take the money. These monies are then pooled and are available for necessary repairs. The FAA Liaison was out and is well aware of how the pavement is breaking down, he thinks there is a good chance at getting the full amount, but he is not the only one putting in for the money so it is not guaranteed. Ms. Fulop stated that if they didn't receive all the funds they would have to phase out the project, or apply for the ODOT funds and if those weren't received they would consider doing the pavement one year and the drainage another. They know how much it is going to take to get the project done. Discussion was had among the*

Ms. Fulop stated they were open to discussion on making up the difference if the Commissioners were not in a position to do the full amount.*

*Motion: by Commissioner Young, seconded by Commissioner Jemison to approve and authorize the President of the Board to execute Federal Aviation Administration (FAA) AIP #3-39-0054-1511 Reconstruct Apron Phase 2 Project pre-application, in the amount of \$655,000.00 (FAA share of \$622,250.00 and a local match of \$32,750.00).*

**GEAUGA COUNTY AIRPORT AUTHORITY – BOARD APPOINTMENT**

*Ms. Fulop stated that board member David Ronyak's term was up on December 31, 2010 and that the Board of Commissioners needed to appoint a new member as David was not going to run again as he did not have the time. Ms. Fulop explained that the board had three people approach them with interest in filling the position. Greg Brown from the Chardon area is a pilot for American Airlines and flies remote controlled jets. Dave Tiber from the Burton area is a member of the Glider club and attends meetings regularly and would have the availability for the position; the third person is Dave Hostetler who currently works for Kraftmaid and has interest in the betterment of the Airport, Middlefield and Geauga County. Mr. Hostetler's son received his pilot's license at the Geauga County Airport. Ms. Fulop explained that Mr. Hostetler is the recommendation from the board for the appointment. The Commissioners agreed to hold off on any action until the next meeting.*

**COMMISSIONERS' OFFICE – PUBLIC HEARING – PROPOSED REHIRE OF STEVEN ROTH, RETIRANT AND EMPLOYMENT – MULTI-CERTIFIED INSPECTOR**

*The Commissioners' Office will hold a public hearing for the proposed rehiring of Steven Roth, as a retirant and employment to the position of Multi-Certified Inspector for the Geauga County Building Department, to be effective January 1, 2011. This public hearing will be held on December 9, 2010 at 10:30 a.m.*

*Commissioner Samide opened the public hearing at 10:32 a.m. and asked for a motion to waive the reading of the legal notice.*

*Michael Mihalisin, Director stated that they were asking for the retiree to return to work as a part time employee only working four days a week, or the equivalent of thirty-two hours. Mr. Mihalisin explained that this would allow them to continue to maintain their inspections and help save the county some money. Steven Roth explained that he had been with the county for over twenty years and that he would like to work no more then two years at the reduced hours, saving the county on medical and experience. David Lair, County Administrator explained that the standards for certifications continue to increase and the certifications and experience that Steve has could certainly save the county money. Mr. Mihalisin explained that Mr. Roth was a multi-certified inspector and that it was a win-win situation for the not only the county but for the building department. Ms. Samide asked for comments or questions from the public and Patty Fulop asked about the savings on the county, that it was discussed about the savings on the certifications and the reduced hours, but how else was it cost saving? Mr. Roth explained that the one day alone was a savings of twenty percent. Ms. Samide explained that the cost of not paying for Mr. Roth's hospitalization was around \$10,000 - \$12,000 a year. Being no further comments from the public Commissioner Samide closed the public hearing at 10:40 a.m.*

**COMMISSIONERS' OFFICE – CHARDON TOMORROW LETTER OF SUPPORT**

*Kathy Hostutler, board member of Chardon Tomorrow committee explained that for a small group they certainly were accomplishing a lot. Ms. Hostutler explained the Shop Chardon Holiday Happiness that was made possible with the help of the Kent State Geauga students promoting the “It’s all right here” campaign to encourage people to shop local with discounts and savings from main street merchants along with other businesses in the city. Ms. Hostutler stated the Retail Grant program was at no cost to the city of Chardon or any taxpayer. It was for local businesses on the square to expand or get new business into the square. Ms. Hostutler stated Chardon Tomorrow also had a very successful Open House in October raising money for the Moving Forward, Main Street program.*

**PROSECUTOR’S OFFICE – SUBGRANT AGREEMENT – OHIO OFFICE OF CRIMINAL JUSTICE SERVICES – CRIMINAL JUSTICE INVESTIGATOR**

*Karen Sweet, Prosecutor stated that this was for the pre-award conditions on getting money for next year’s grant. Two things required this year were an Equal Opportunity Hiring paper and a Standard Assurance form to make sure she was complying with the Federal guidelines for the money she was receiving. Ms. Sweet explained that this was the same grant as last year, the amounts are less, this grant was for \$53,111.00, but still asks for the full \$20,000.00 local match from the Commissioners. Ms. Sweet explained that she has been making up the difference with investigations for the Solid Waste District.*

- Currently the debt left on the Safety Center is \$ 2,500,000
- August 2010 – Pay down was \$500,000, leaving another \$500,000 in debt retirement to relieve General Fund of debt retirement funding burden for next year; if this pace is maintained, Safety Center will paid off by 2015, less than ten years following its opening
- 800 MHz Radio system needs an upgrade from Analog to Digital in 2011 / 2012– estimate GF would need to contribute is up to \$ 3.5 million
- Infirmary Creek sewer upgrade in 2011 may require approx. \$1.5 million in financing from the General Fund

A public comment was made from Tim Obringer, an attorney representing his client, but also a citizen of Geauga County since 2002 who resides in Auburn Township expressed concern on the final appropriation as currently constituted having a negative impact on the critical services provided to the citizens of Geauga County as it relates to the Coroners' office. Mr. Obringer stated that the loss of two jobs is a significant impact. Ms. Samide stated that they do take it serious when a job is eliminated and that it was the last thing they wanted to do but they are 1.3 million in the hole.
