**JUVENILE / PROBATE COURT – AMENDMENT FORM / PROGRAM BUDGET SUMMARY #1 – DEPARTMENT OF YOUTH SERVICES SUBSIDY GRANT**

*Chief Probation Officer Michele Schroeder explained that the newly enacted law decreases the amount of carryover they are permitted to have from one year to the next. In order to use that carryover, rather than return it, they allocated the \$9,150.30 to go to residential treatment for which they had no funding for the month of June. Some is going to place a child in the group home and some is going to Family First Council pool and the \$200.00 adjustment in substance abuse is just moving it from practitioner's contractual line item to a maintenance line item to buy instructional DVD's and work books for the groups.*

*Motion: by Commissioner Jemison, seconded by Commissioner Samide to approve and authorize the President of the Board to execute the Amendment Form / Program Budget Summary #1 to the Fiscal Year 2010 Department of Youth Services Subsidy Grant adding \$9,150.30 to Standard Program No. 105 Residential Treatment and moving \$200.00 from Contract Services to a new Maintenance Costs budget in Standard Program No. 107 Substance Abuse, resulting in a total program budget of \$322,709.05 for Fiscal Year 2010.*

*Director Linda Burhenne, in responding to Commissioner Jemison's question, stated that she will not be refilling this position. Ms. Burhenne stated the timing of his career decision has freed up a portion of their budget for the opportunity to acquire some film. There are Mormons in the state who are doing imaging at other agencies who will be free in about a year to film a good portion of Geauga County birth and death records, and marriage records. They also have film of some records that Archives no longer holds as they were transferred to Western Reserve Historical Society but can now acquire, as approved by the County Administrator. This will save time in county personnel filming this information. There was a brief discussion on stable material for archiving.*

**DEPARTMENT ON AGING – 2010 SENIOR FARM MARKET PROGRAM AGREEMENTS**

*Director Sally Bell explained that the Senior Farm Market Program gives the department the ability to work with seniors to improve their nutrition. This started because a news release stated that 60% of the elderly admitted to a hospital were malnourished and 90% were dehydrated. It turned out that the definition meant that they were low in certain vitamins and minerals but it could be what they ate or if they were on a diuretic- in other words it was very broad. This lead the department to decide if they should increase their home delivered meals to a meal and a half. The bottom line was that they needed to change what the elderly were eating and make it healthier by giving them fresh vegetables and fruits. With freshness being an issue it worked out best to give them a voucher to pick up the fresh vegetables and fruits themselves. This has nothing to do with income of the elderly. It is based on if the elderly are at nutritional risk which is accomplished by having the elderly complete a self disclosed survey. The department then sent out letters to all the farm markets that they were aware of, asking if they were willing to accept these vouchers from the Department on Aging and to be paid after the clients receive their produce and then redeem the vouchers. These agreements today are the farmers that have responded to those letters. The seniors would get five \$10.00 vouchers for fruits and vegetables for use over the program year growing season to meet the food pyramid needs of a minimum of nine fruits and vegetables a day. Ms. Bell added that any senior that participates in the home delivered program is also given the opportunity, twice a month, to order three items from an order sheet for fruits and vegetables that is purchased from the Geauga farm market in Middlefield and is then delivered to them every other week.*
