COMMON PLEAS COURT / INTENSIVE SUPERVISION PROBATION – OHIO DEPARTMENT OF REHABILITATION AND CORRECTIONS SUBSIDY GRANT AGREEMENT – FY2014

Susan Doudican presented the Board with copies of the grant for the Pre-trial Release program, Intensive Supervision and Presentence Investigation reports. Ms. Doudican stated that there was no change from last year, the same people and the same amounts. There was discussion about the adult parole authority moving the report writing to the county and then offering grant funds to cover the county's cost. Motion: by Commissioner Samide, seconded by Commissioner Jemison to approve and execute the Ohio Department of Rehabilitation and Correction Subsidy Grant Agreement for Community Based Corrections Programs 408 Non-Residential Misdemeanant for FY2014, the period July 1, 2013 through June 30, 2014 in the amount of \$110,795.00 (\$26,000.00 for PSI, \$57,260.00 for Intensive Supervision, and \$27,535.00 for Pretrial) with no local match.

MAINTENANCE DEPARTMENT – GILLMORE SECURITY SYSTEMS, INCORPORATED – PURCHASE AND MONITORING / REPAIR SERVICE AGREEMENT

Director Glen Vernick stated that the Sheriff's Office and the Chardon Police Department are getting out of the monitoring system, as the equipment they have is very outdated and would be very costly to replace. Mr. Vernick stated that with going to the monitoring company they will be able to specify what the trouble is, whether it's a dead battery, or a dead phone line. Mr. Lair stated that currently if there was a trouble signal from an alarm system in one of the county's buildings it would call either Chardon Police or the Safety Center. There was discussion about the dial up and direct lines, noting that the direct lines will go away with the new system. The company will be given a list of names and phone numbers to call for each building, with instructions for trouble calls. There was a brief discussion about the alarm drop last week in building 8 that went to the Chardon Police, noting that a pull station had a screw break and it tripped like a pulled alarm. Mr. Vernick noted that some buildings are being combined to save money, and both the panic and alarm systems will be together. Mr. Jemison noted that there will be some increase in cost. Mr. Vernick stated that this is a four year contract with insurance, noting that the fire inspections will be on a separate contract, along with security also being separate which will allow for the addition of panic alarms. Local resident Tom Jones inquired about how many buildings it was covering, to which Mr. Jemison stated 18, most being \$25.00 a

month with the exception of two, one is \$43.00 and one that is \$30.00, they are all our buildings except the Safety Center, which is not alarmed because it is manned 24 hours a day. Mr. Vernick noted that the one that is \$43.00 is a lift station here at 470 and also has a cell phone number, and the one that is \$30.00 is Post 2 which has fire and security. Local resident Walter "Skip" Claypool inquired if this would save money or cost more money, to which Mr. Jemison stated it will cost more because we weren't paying for the monitoring before, the contract for four years is \$28,380.00, about \$500 - \$600.00 a month, not stating for sure how many lines were dedicated at the \$20.00 each. Mr. Vernick stated that some areas didn't have dedicated lines that we were paying for, so that would be an offset cost, plus there is cost involved by Chardon and the Sheriff's Office to respond to these calls. Mr. Vernick stated that after speaking with other companies, the cost can be anywhere from \$45 to \$65.00 a month per building. Discussion continued with Mr. Claypool regarding the number of the alarm instances that are occurring versus the cost of building to be replaced if were to burn down, insurance requirements and the costs involved in the equipment being updated at the Sheriff's Office and at the Chardon Police Department.

Motion: by Commissioner Samide, seconded by Commissioner Jemison to approve and authorize the President of the Board to execute and initial the Gillmore Security Systems, Incorporated Purchase and Monitoring / Repair Service Agreement for Fire and Security Monitoring of County Buildings for a four year period in an amount not to exceed \$28,380.00.
