PROBATE / JUVENILE COURT – VICTIM OF CRIME ACT (VOCA) AND STATE VICTIM ASSISTANCE ACT (SVAA) GRANT APPLICATION FOR CASA FOR KIDS

CASA Director Christine Steigerwald explained this grant is for the same amount as last year with \$5.00 less for SVAA. The numbers are shifted a little for what the grant is covering but is still covering for two CASA Supervisor salaries as their direct focus is on direct service to the victim. GEAUGA COUNTY PUBLIC LIBRARY – RESOLUTION DECLARING IT NECESSARY TO LEVY A TAX IN EXCESS OF TEN MILL LIMITATION

Geauga County Public Library Director Deborah F. O'Connor explained that the Library Board passed this resolution last week asking the Commissioners to place a one mill levy on the ballot. The Board waited a year before passing this resolution to see what cuts the library could make. They have used all their reserves and are doing all they can to still provide the most service to the public. Ms. O'Connor added that her Board feels very strongly that the public needs the full library services they have received in the past and this levy will give the public the opportunity to let the library know if they wish to fund those services. The library has cut their hours, laid off twelve people, cut hours by forty three more hours, taken 2% salary cuts across the board as of January 1, and still they are having trouble making anything work. The Friends of the Library and Foundation are the only ones making summer reading programs available this year. Commissioner Samide asked about their health care. Ms. O'Connor replied that the employees pay 33% of the health care, which is how it has always been. The salaries are not up to par with other libraries but people like to work for Geauga County Library. They have lost positions with the cut backs as some could not work fewer hours and make ends meet. Commissioner Samide asked, not trying to think negatively, what would happen if this levy does not pass. Ms. O'Connor stated that she intends, either way, to go to the public and ask what services they want with the dollars they want to spend on those services. They will ask the public for input if they should close whole days or reduced hours, mornings, or close smaller locations in schools which are very cost effective for far reaching parts of the county. Ms. O'Connor added that the decision is up to the public on what kind of service they want. They cannot go any lower below the materials budget than they are now as there are gaps in collections and the public is complaining. They may be losing a lot more staff also if they would be closing more hours. They have also cut cleaning contracts in half and have been following federal energy guidelines for four years with the heating and cooling. There is nothing left to cut. The cost to the taxpayers is about \$33.00 per \$100,000 of the home value per year. Commissioner Young asked what the money savings was from reducing the level of service to which Ms. O'Connor replied \$650,000.00 in staffing and another \$250,000.00 out of materials budget. Geauga County continues to be the highest per capita circulating library in all of Ohio. They circulate 24.5 books per capita, which the state average is fourteen and the national average is six. Geauga County library continues to be far and away better than any other county library in Ohio. The Library Journal for the first time rated libraries independently giving three to five stars, which are difficult to get independently at the national level. Geauga County Library received three stars. Ms. O'Connor stated that they are the first library in Ohio that is allowed to purchase excess bandwidth from the Lake Geauga Computing Association because their internet speed is becoming slower due to all the users. The library is also applying for grants to get more computers. The Board believes that with all this information the citizens will have to decide the value and importance of the library and if it is worth it to them. Ms. O'Connor added that public needs to know that they could not afford to pay for what they can get for free at the Geauga

County Library and explained some of the many databases available through your library card and the library's buying power by leveraging state dollars in conjunction with other libraries. Ms. O'Connor stated that she believes it is a wise investment. Ms. O'Connor added that they are not taking the approach of frightening the people but the cuts they have taken this year have been painful. Commissioner Jemison stated that history shows that taxpayers have been very supportive of the libraries. Commissioner Samide ended saying that it is a decision the tax payers will have to make and decide if education is important to them.

Motion: by Commissioner Young, seconded by Commissioner Jemison to approve and execute resolution 10-123 Declaring it Necessary to Levy a Tax in Excess of the Ten Mill Limitation and Requesting Certification of the County Auditor of the Dollar Amount Generated at the Request of the Geauga County Public Library, as Authorized by O.R.C. 5705.03, .19, .191, .192, .23, .25 and .26.

COMMISSIONERS' OFFICE – PUBLIC HEARING #2 – SMALL CITIES CDBG SEWER AND WATER GRANT APPLICATION

Commissioner Samide opened Public Hearing #2 for the FY 2010 Small Cities Community Development Block Grant Sewer and Water Grant Application for Thompson Township at 10:30 a.m. Present for the discussion included Water Resources Director Doug Bowen, Assistant Sanitary Engineer Gerry Morgan, and Thompson Township Trustee Frank Sirna.

Motion: by Commissioner Young, seconded by Commissioner Jemison to waive reading of the advertisement for the public hearing.

Director Anita Stocker stated that the Department of Water Resources and herself are hesitant about applying for this grant because not all grants always mean you get to save money, it sometimes costs you money. USDA is putting funds into this project so they decided it was feasible to go after this grant. This is for a \$3.6 million project in Thompson that will serve about forty households and about twelve businesses. This application will be for CDBG Water and Sewer grant for a maximum of \$600,000. \$500,000 of those funds can go into the plant or the lines and \$100,000 will be set aside for low income, owner occupied to help with the assessment and the physical tie-in to the lateral. Those citizens would have to apply and they cannot owe taxes. Mr. Bowen explained that \$1.4 million in grants funds is coming from USDA, \$500,000 from Issue II money, \$300,000 from Army Corps of Engineers and whatever they can get from CDBG. Mr. Bowen added that of the \$6.3 million they are hoping for \$3 million in grant funds and an obligation bond of \$650,000 that will be distributed over 100 units (for sewers) over twenty or forty years. Commissioner Jemison added that forty years might necessarily not be that bad in this case as there may not be much growth in this area to pay for this. Ms. Stocker added that it may be tricky getting this approved through CDBG because this is not a strong applicant as this project is not affecting a lot of people. If you consider all the people that live in the houses being affected it would be about 95 people and CDBG would like it to be over 100, but they will give it a shot. Mr. Bowen added that they can also only do a 75% / 25% grant to loan ratio, but this does not include the Issue II money (\$500,000). Mr. Bowen mentioned that the only reason they got the 75% / 25% grant to loan ratio is because the survey showed that this is the only area that is at poverty level so far, which is why they have such a high percentage ratio. Being no further comments from the public Commissioner Samide closed the hearing at 10:40 a.m.

OFFICE OF COMMUNITY AND ECONOMIC DEVELOPMENT – SATISFACTION OF MORTGAGE – DEBORAH A. MURFELLO

Ms. Stusek explained that she received help from the commissioners on how to handle this one. This was a short sale and the money was given to Ms. Murfello in 1999 for substantial rehabilitation of her property who has not been able to keep up the payments. She went to the bank who allowed her to do a short sale which cut the county right out of receiving any money. They did end up getting half of the money she owed on this loan (\$1,221.00) which is better than nothing that was first offered. They are asking the Board to sign off on this even though they did not fulfill the agreement.

Motion: by Commissioner Young, seconded by Commissioner Jemison to approve and execute a Satisfaction of Mortgage for Deborah A. Murfello as the conditions of the mortgage on the Revolving Loan Infrastructure loan have been satisfied, in the amount of \$12,210.00, under Grant #B-C-99-026-2.
