DEPARTMENT OF WATER RESOURCES – SERVICE CONTRACT MAINTENANCE FORM #1 – INCREASE CONTRACT – VINECOURT LANDSCAPING AND GAS LINE SERVICE, INCORPORATED

Director Doug Bowen explained that this was an increase to a service contract that was opened at the beginning of the year. This contract with Vinecourt Landscaping is going to be used for a little over \$9,000.00 and needs to be increased by \$5,000.00. Mr. Bowen explained that they will be using them to extend the waterline at the McFarland Treatment Plant. Mr. Bowen stated that currently they clean the membrane plant with the water from the membranes; they have been starting to clean the membranes more often and noticed that the water being pulled is stirring the water inside the membrane plant and that water when it goes to the effluent is increasing in cloudiness. The plant has never been in violation and wants to do what is necessary to avoid any issues. Mr. Bowen stated that they will clean the membrane with clean water supplied by the new line. Mr. Jemison asked about putting in the waterline. Mr. Bowen stated that they have a waterline to the treatment plant, that this new line would run between the two buildings.

Motion: by Commissioner Jemison, seconded by Commissioner Young to approve and execute the Service Contract Maintenance Form #1 increasing the contract with Vinecourt Landscaping and Gas Line Service, Incorporated in the amount of \$5,000.00.

Motion: by Commissioner Jemison, seconded by Commissioner Young to adjust the wage scale and compensation of non-bargaining unit employees under the hiring authority of the Board of Geauga County Commissioners, with the exception of the Department of Job and Family Services effective with 2012 payroll number six (#6) by an increase of thirty-five cents per hour (\$0.35). This increase does not currently apply to employees serving a probationary period, until the earlier of such time that either their probationary period ends or their position is advertised at the revised wage scale rate, to be effective on the hiring date of the new employee. COMMISSIONERS' OFFICE – ADJUST WAGE SCALE AND COMPENSATION – DEPARTMENT OF JOB AND FAMILY SERVICES

Executive Director Tim Taylor explained that the Commissioners and Job and Family Services have similar compensation plans, but noted that they are slightly different. Mr. Taylor asked that the Board consider a different adjustment for them rather than the across the board cent per hour increase that was done for the rest of the Commissioners' employees. Mr. Taylor explained that they tried to adjust the gaps in the compensation plan of where an employee was versus

Commissioners' Journal
March 13, 2012

where they should be based upon the compensation plan. Mr. Taylor noted that some employees received no increase while other employees received more. This was done in an effort to bring employees closer to the wage scale that Job and Family Services implemented in 2009. When that plan was implemented they did see an increase but have not seen any increases since that time so this adjustment is just moving them closer to where they should be based on the wage scale.

Motion: by Commissioner Jemison, seconded by Commissioner Young to adjust the wage scale and compensation of the Geauga County Department of Job and Family Services effective with 2012 payroll number six (#6) as requested per the document submitted by the Geauga Job and Family Services Executive Director.
