PROBATE / JUVENILE COURT – FY 2009 JUVENILE FUNDING APPLICATION UPDATE SUBSIDY GRANT

Michelle Schroeder, Chief Probation Officer explained this is a continuation of funding received from the Ohio Department of Youth Services on an annual basis. Ms. Schroeder stated she believed there was a little increase in the variable amount which is based on a very complex formula based on the number of felony adjudications minus how many youth were committed to youth services per diem bed days. They are not changing any programs and are working with (about) the same budget.

Motion: by Commissioner Samide, seconded by Commissioner Young to approve and authorize the Vice President of the Board to execute Fiscal Year 2009 Juvenile Court Funding Application Update for the State of Ohio Department of Youth Services Subsidy Grant in the amount of \$348,446.02, upon the recommendation of the Geauga County Juvenile Court.

COMMISSIONERS' OFFICE – PUBLIC HEARING

Commissioner Young opened the public hearing on the proposed amendment to the County Planning Subdivision Regulations at 10:30 a.m. by asking Claudine Kozenko, Commissioners' Clerk if the public hearing was advertised. Ms. Kozenko responded that it was and indicated that the legal notice was attached to the public hearing folder.

<i>Roll Call Vote:</i>	<i>Commissioner Samide</i>	<i>Aye</i>
	<i>Commissioner Young</i>	<i>Aye</i>
	<i>Commissioner Albert</i>	<i>Absent</i>

Dave Dietrich, Planning Commission Director stated that the amendment entails a substantial amount of housekeeping to make the regulations readable and understandable to engineers, surveyors, developers and citizens wishing to develop or divide property in the county. Mr. Dietrich noted that the amendment was reviewed by legal counsel and was unanimously recommended for adoption by the Planning Commission Board. One of the highlights included Section 201 definitions with some new definitions related to the 100 year floodplain criteria. These definitions were taken from the ODNR model on floodplain management and tailored to

the county subdivision regulations. The definition sheds light on what the floodplain is and how to address the topic if someone wanted to develop near a floodplain. Article V-7 clarifies the 100 year floodplain regulations for major subdivisions. It will be required to have the floodplain elevation delineated on final plats in relationship to the subplot boundaries and roadways along with the base flood elevation. This will give people constructive notice if they wish to purchase sublots in a platted subdivision and they will know upfront where the floodplain is and can better decide where to build. Also included in the amendment is a cross reference to the Drainage Maintenance District Regulations adopted under the County Engineer's requirements. On plats for subdivisions the drainage maintenance district easements will be indicated including dimensions. Soil and Water Conservation District is also involved in the drainage district areas. The drainage district agreements enable the county (or townships) to maintain these drainage district areas through funding from the initial developer and eventually the home owner so that the burden is not placed on the county or the township budgets. The balance of the amendment is clarifications to different provisions and removal of any redundancies. Being no comments from the public, Commissioner Young closed the public hearing at 10:27 a.m.

Motion: by Commissioner Samide, seconded by Commissioner Young to approve and execute Resolution 08-113 adopting an amendment to the Subdivision Regulations of Geauga County.
