OFFICE OF COMMUNITY AND ECONOMIC DEVELOPMENT – AGREEMENT FOR HOUSING DEMOLITION/ CLEARANCE – SAUNDERS EXCAVATING LIMITED – MICHAEL AND TRACY BRENT

Program Administrator Joni Stusek stated that this was one of three demolitions in the pipeline to do before we begin to place mortgages. With this same demolition is a house that has been condemned, they were also going to rebuild a house. They will try to keep the well and abandon the septic. After quotes were obtained and the proposal came back at the \$4700.00 they had the well tested and were told to condemn the well, based on where the septic was going to be placed. They can still drill a new well, so there is also a Notice to Proceed and a Change Order. If it was known beforehand that the well was going to be condemned the contract would have been for \$5,400.00.

Motion: by Commissioner Jemison, seconded by Commissioner Samide to approve and execute the Agreement for Housing Demolition / Clearance between the Geauga County Board of Commissioners and Saunders Excavating Limited, and Michael and Tracy Brent for demolition of property at 8838 Washington Street, Bainbridge in the amount of \$4,700.00 utilizing Program Income Funds.

BOARD OF DEVELOPMENTAL DISABILITIES – CONTRACT AGREEMENT – CHAGRIN VALLEY PAVING, INCORPORATED

Cheryl Moster stated that Metzenbaum is finally going to sign the contract for the paving project of Sheltered Industries. Sheltered Industries is before the Transportation Facility and so this won't be started until after the Transportation Facility is paved and all the big trucks involved in construction of the facility are finished. If this project is not finished this year, which it looks like it won't be, it is written in the specs to increase the price because of asphalt prices if needed.

SHERIFF'S OFFICE – RECONFIGURATION IMPLEMENTATION PHASE AGREEMENT - MOTOROLA

Sheriff Dan McClelland stated this is part of the re-banding program with Sprint and Motorola. This authorization is for Sprint to pay Motorola. Motorola does the work and asks for verification that it has been completed, then it is forwarded to Sprint for payment. No money comes from the county. This is opening airwaves to Sprint, to give them a frequency spectrum to enhance service to their customers. To do this they need to move users, such as Geauga County. Sprint is paying the total cost.

Motion: by Commissioner Jemison, seconded by Commissioner Samide to approve and execute the Reconfiguration Implementation Phase Agreement between the Geauga County Commissioners and Motorola. There is no cost associated with this agreement.
