BOARD OF DEVELOPMENTAL DISABILITIES – RESOLUTION DECLARING IT NECESSARY TO LEVY A TAX IN EXCESS OF THE TEN MILL LIMITATION – REQUEST CERTIFICATION OF COUNTY AUDITOR OF DOLLAR AMOUNT GENERATED

Don Rice introduced three members from the Board of Developmental Disabilities that were in attendance that included Mark Jackson, Laura Jansen and her daughter Faith, and Dr. Dennis Schmidt. Mr. Rice expressed that when you start the process of going for a levy you need strong support and hope to see this support all the way through. Business Manager Steve Tucker asked the Board to allow the process for putting a levy on the ballot to proceed, noting that the first step is a request for certification from the Auditor of the dollar amount that would be generated from a 1 mill levy. Mr. Rice explained that this is the first request for new money since 2004, noting that those monies would have been expected to last for five years. In 2008 we knew that those funds could be stretched and then renewed those monies as a continuous with a promise of not coming back until 2011. The agency has made it to 2015 because we were able to stretch those levy monies out, but costs have caught up with us and for the last two years we have been living on "savings" from our carryovers and now we need to get back into the black. Mr. Rice stated that they are asking for a 1 mill, five year levy that will cost the taxpayer \$3.00 per month per \$100,000.00 of house value. Mr. Rice stated that the hope is that they will be able to extend these monies out beyond the five years. Commissioner Claypool expressed concern over the sizable increase in tax, adding that he respects and thinks highly of the agency and for the services they provide, but at the same time he respects the taxpayer dollars. Mr. Rice explained that the 1 mill levy will garner about \$2.9 million per year, and based on last year's expenditures a .5 mill levy is not enough. Mr. Rice stated that because expenses increase they need to build a levy that will help them travel beyond today. A levy does not increase over time, it is flat funding, and expenses increase every year. Mr. Rice expressed that the cost to put a levy on is about \$35,000.00, so they are trying to build this levy for a projection down the road that allows them to build a savings to meet those needs in future. Mr. Rice stated that 859 people were served last year at different levels, adding that they have tried to do everything they can to stretch the taxpayer dollars and still provide the same services. Mr. Rice noted that since 2003

they have cut their staff in half from 350 down to 157. Commissioner Rear expressed that this is the first step in a two-step process that will allow the taxpayers the opportunity to decide if they want to approve this levy. Mr. Rear stated that Mr. Rice has shown that the need is there. Mr. Claypool inquired about a change in the type of levy and what impact that it has on real estate taxes, to which Mr. Rice stated that a 1 mill levy will cost the taxpayer \$35.00 a year on a \$100,000.00 house valuation, so depending on the valuation it will cost the taxpayer between \$35.00 - \$70.00 per year. Mr. Rice stated that during the last budget cycle the State changed the rules in regards to replacement levies. Currently the state pays a majority of the homestead exemption, if we make a change to a current levy it will cause the taxpayer to pick up a larger share of the homestead funding. Mr. Rice stated that we don't want the taxpayer to pay a bigger burden.

BE IT FURTHER RESOLVED that said levy shall be for a period of five (5) years and this levy is an additional levy of one (1.00) mill to be placed upon the tax year 2015 if a majority of the electors voting thereon vote in favor thereof at the general election to be held on November 3, 2015.

DEPARTMENT ON AGING – 2015 SENIOR FARM MARKET AGREEMENTS

Ms. Boalt thanked the Board for approving the agreement for the farm market vouchers with the Western Reserve Area Agency on Aging, explaining that is the federal farm market program for which we act as the distributor of those vouchers. Ms. Boalt stated that these agreements are for the local farm market program, noting that there has been a change to the program to mirror the federal program, eliminating the nutrition element. Ms. Boalt explained in detail that the previous program that was based around nutrition was changed at the advice of the Aging Advisory Board after reviewing data for the last seven years that did not identify any health improvements to those that were receiving the vouchers, however there is a need on the income based requirement and with a reduction in the amount of vouchers being received by the federal program, we have shifted the program to be like the federal program to still provide fresh fruits and vegetables to those seniors that meet the requirement. Ms. Boalt stated that those seniors that on home bound status that receive home delivered meals are receiving fresh fruits and vegetables and have been removed from the equation. Notifications are sent to the farms in the county and if they choose to participate they are required to return the agreement. Ms. Boalt explained that based on the numbers they anticipate serving 250 seniors through this program this year.

GEAUGA COUNTY AGRICULTURAL SOCIETY

Geauga County Agricultural Society Board President Robert Phillips, Vice President Sam Plants, and Secretary Paul Harris came before the Board to update them on the current activities on the fairgrounds. Mr. Phillips stated that the Agricultural Society manages the 151 acres that the Commissioners own in Burton and Burton Township, and operate on a \$1.3 million dollar budget that is made usually over the five days of the fair. Mr. Phillips stated that they currently carry a debt of \$250,000.00, and that they also have a rainy day fund that allows them to operate the fair if they have a bad day during the five days. Mr. Claypool inquired about the cost to operate the fair, to which Mr. Phillips stated it's about \$1 million, which leaves a little left over to make the debt payments and about \$100,000.00 - \$125,000.00 for capital improvements. Mr. Phillips stated that they do look for funding to assist with the maintenance, adding that they have received funding through Community Development for paving and improvements to bathrooms for ADA compliance. Mr. Phillips explained that they are on the fast track to reaching the 200th Anniversary of the fair, to be held in 2022, and that they want to update the main grandstand that was built in 1951. They are looking at \$125,000.00 total cost to put in aluminum seats, painting of the ceiling beams and girders, as well as putting in a surface on the floors that is less slippery. Mr. Phillips stated that they are going to spread out the updates over the next five years so they don't have to do it all at once.

Mr. Phillips stated that they have a benefactor who has provided funds for a new LED sign, that will be one color and not like the one at Kent State. Mr. Phillips stated that they have raised the price of admission at the gate, but that the presale tickets will remain the same. Something new that they have added this year is Wallenda, of the Famous Wallenda family aerial act, who will perform 3 acts a day throughout the weekend.

Commissioner Spidalieri expressed that he had been contacted by several Veterans regarding concern over the flag with the parachute landing at the fair and when the parachutist lands that the flag hits the ground. Mr. Plants stated that they had heard that concern and that it comes down to intent, and there is no intent to harm the flag. Mr. Harris stated that they do take a precaution and tarp the field, which is not seen by those on the grounds, that is used for the target to land on with a group of spotters that once the parachutist lands they help pick up the flag. It was noted that because of the size of the flag (30' x 50') and the process in which he is positioned that if anyone tries to grab the flag there is a possibility of injuring the jumper due to the wind speed and direction during the jump. It was stressed that there is no intent to harm the flag.

Mr. Harris added that Friday is Veterans Day and all Veterans are admitted free, and any active service member is admitted free all weekend. There was a brief discussion about the rainy day fund and if it rains on Saturday or Sunday then they can pretty much wipe out any capital improvement funds for that year. Mr. Phillips expressed that every year they spend \$120,000.00 each year for entertainment throughout the weekend that is not charged for, noting that the demo derby and truck pulls are the only events that are charged for.

Commissioners' Journal
June 2, 2015

There was discussion about the annual fair manager's convention and when you see and hear about the other county fairs throughout the state, how lucky we are to have the fair we have in our county. Mr. Harris noted that this year, Thursday will be free till 12:00 p.m. and then it will be a reduced rate of \$5.00 for the remainder of the day. The presale pass is \$5.00 a day and is good for the 5 days but can be used all at once for adults, versus paying the \$8.00 price of admission. Labor Day is late this year, the 7th. There was a brief discussion about the days that are tough and that the fair board tries to do different things to attract people on those days. There was a brief discussion about Jay Reda's vision and how lucky we are to have that natural resource area. Mr. Phillips stated that they are going to drain the two ponds and do some clean up to remove the silt that builds up and make them a little deeper.
