DISCUSSION – NOACA

Commissioner Claypool expressed a concern to Mr. Cattell over a topic that will be discussed at the upcoming NOACA meeting on Friday, December 11, 2015 and inquired if he was aware of the subject. Mr. Cattell stated that he had heard a little about the new subcommittee being created named a Rural Council. DISCUSSION – SOLID WASTE MANAGEMENT DISTRICT

Mr. Claypool stated that at a recent Policy Committee meeting he had attended for Solid Waste that they had made some decisions to do away with a law enforcement designation regarding enforcing laws and issuing citations in regards to waste, as no citations had been issued and it would show a cost savings of around \$100,000.00. Mr. Claypool also brought up the subject of the once a year hazardous waste collection day held in the County and that it cost \$38,000.00 for that one day, expressing the need to do additional days or make it available all the time for the same cost. Mr. Cattell and Commissioner Rear voiced their support and concerns over the current collection process.

Mr. Sernik stated that this is the first step, and that he will be back to have the Board re-appoint members and fill the vacancies. Mr. Claypool asked Mr. Sernik to comment on the number of board members, 33, and that while these are volunteers, he questioned how many of these people will show up on a regular basis to make decisions on how to spend these funds? Mr. Sernik stated that the board has been about the same size all along and generally the average meeting attendance is about 2/3 of the board. Mr. Sernik added that the meetings are quarterly and they never ask for money.
