COMMISSIONERS' OFFICE – RESOLUTIONS RECOGNIZING ENVIROTHON TEAMS FROM BERKSHIRE HIGH SCHOOL, CHARDON HIGH SCHOOL AND WEST GEAUGA HIGH SCHOOL

Soil and Water Conservation District, Education Coordinator Katie Nainiger explained that teams from seventeen counties (17) compete in the Area II Envirothon competition. The top four teams move on to the State competition and then the winning team moves on to the National Competition. Ms. Nainiger stated that this year the Area competition included teams from Berkshire, Chardon and West Geauga. Ms. Nainiger stated that Chardon Team Red moved on to the State and then on to National. Area II level competition includes 5 stations, (Soils, Wildlife, Forestry, Aquatics and Agricultural Stewardship). At the State competition there is also an oral presentation. One of the Chardon Team members explained that they meet weekly after school, that includes taking practice tests on the different types of soils, or they go outside and look at trees. Chardon Team Red took 5th place at the National competition out of 54 teams, 45 U.S. States, 7 Canadian provinces and 2 teams from China.

Commissioner Claypool read over the resolutions recognizing the Schools, students that participated and where the team placed during the competitions.

DISCUSSION – STATE ISSUE 2

Chris Galloway explained that he was before the Board to present information on the “NO on Issue 2” campaign. Mr. Galloway stated that he could explain why it’s a bad issue and why it’s bad for Ohio. Quoting Jon Wills, Executive Director of the Ohio Osteopathic Association, they are concerned about the rapid escalation and high cost of prescription medications and believe the issue needs to be addressed as part of the ongoing discussions on healthcare reform. He feels Issue 2 ballot initiative is not the right way to address the problem. It is misleading, impossible to implement and could have unintended negative impacts on patients. Mr. Galloway asked if the Board had any questions and if as leaders in this county, individually, not as a Board, to support the “No on Issue 2” initiative. Mr. Claypool noted that he was trying to do more research on the issue and that the fact it is a constitutional amendment. He will oppose any change to the constitution.

COMMON PLEAS COURT / ADULT PROBATION – MEMORANDUM OF UNDERSTANDING – COURT OF COMMON PLEAS – SHERIFF’S OFFICE – OHIO DEPARTMENT OF REHABILITATION AND CORRECTION, TARGETED COMMUNITY ALTERNATIVES TO PRISON (T-CAP) GRANT

Chief Probation Office Ryan Franklin asked the Board to approve the submission of an application to the TCAP grant, which is an incentive to not send felony five, non-violent, non-sex non-mandatory offenders to prison. This is a voluntary program. These funds can be used to reimburse the local jail for costs for holding them there instead of sending them to prison. There is a memorandum of understanding between the Sheriff, the Common Pleas Judge and the Commissioners regarding that agreement. Mr. Franklin stated that there is a lot of controversy around the state over this idea. Some judges don’t like the idea. That can be understandable in that it involves limiting them in their sentencing. In Geauga County we are lucky. In 2016, no probation violations for felony 5 were not sent to prison, adding that we did send 5 directly from sentencing, because 4 of them had prior prison commitment. This grant is for \$280,000.00 and based on county population. The number of people sent to prison over the last 3 years in that category and the number of indictments over the last 3 years. This grant is for a two year period, and half can be used to reimburse the jail. Mr. Franklin stated that he looked at the last year of sentencing (July to July), and came up with 24 offenders that spent 1,350 days in jail. Some were direct from sentencing with a 180 day sentence at \$70.00 a day. He feels that we will be able to fully reimburse the jail. Mr. Franklin stated that these funds are coming from the state for something that is already being done in our county. It was noted that these funds will not be used to hire any additional staff.

Motion: by Commissioner Lennon, seconded by Commissioner Claypool to approve and execute the Memorandum of Understanding between the Geauga County Board of Commissioners, the Geauga County Court of Common Pleas and the Geauga County Sheriff’s Office approving the submission of the Ohio Department of Rehabilitation and Correction, Targeted Community Alternatives to Prison (T-CAP) Grant, documenting the roles and responsibilities for compliance requirements of the grant, pursuant to O.R.C. 5149.38(A), for the period September 1, 2017 through June 30, 2019 (FY2018 and FY2019) in the amount of \$284,023.00 with no local match.

DEPARTMENT OF WATER RESOURCES – AUTHORIZE DISCUSSION WITH CITY OF CLEVELAND DIVISION OF WATER – EXPAND MASTER METER AGREEMENT – BAINBRIDGE TOWNSHIP

Director Gerard Morgan explained that Bainbridge has been having issues at the intersection of Bainbridge Road and State Route 306. In 2010 the waterline was extended to provide residents in the area that were affected by the gas well incident. Mr. Morgan stated that we are looking to extend the waterline down Bainbridge Road and loop it back around down Chagrin Road to the line that ends at Northview. Currently there are 28 customers on those lines and due to the time frame it takes to cycle the water through the lines, it requires extra flushing at this time. This improvement will assist with our water system as well as helping Bainbridge. This action is just to allow us to discuss the expansion of the mater meter agreement with the City of Cleveland. Mr. Morgan stated that Bainbridge will cover a portion and the county will cover the remaining, but tap in fees will include a percentage of the original cost of the project.

Motion: by Commissioner Lennon, seconded by Commissioner Claypool to authorize the Department to begin discussions with the City of Cleveland Division of Water regarding an expansion to the Master Meter Agreement to permit the County to extend the waterlines on Bainbridge Road and Chagrin Road to connect them on Chillicothe Road (State Route 306). All parcels fronting on the new water line would be added and included in the Master Meter Agreement.

DISCUSSION – BOWEN AND ASSOCIATES

Mr. Claypool expressed concern that they haven't seen the plan and the timing on when the questionnaire is sent out. Mr. Lennon agreed that we need to see a format, and find out what Bowen needs from us. Mr. Claypool asked to wait on the questionnaire until after they have started gathering information. There was discussion about letting Bowen handle sending out the questionnaire, but that we need to see step 1 and the plan. Mr. Lair is going to contact Bowen about their availability to meet with the Board.
