Ms. Petrella added that they have been reviewing fees, to which Mr. Morgan added that they are asking those seniors that can afford to pay for some of the services do so that others that don't have that ability can still receive services. Mr. Morgan noted that they are looking at the West Geauga senior center and whether continuing to rent is the best option. The Public Viewing was opened at 11:34 a.m. with the following people in attendance, Commissioner Lennon, Commissioner Spidalieri, Commissioner Dvorak, County Administrator Gerard Morgan, Clerk Christine Blair, Parkman Township Trustee Dennis Ikeler, Abutting Land owner Rick Gates, and Andrew Haupt, Nicholas Goodrich and Keith Delfs from the County Engineer' Office.

Mr. Haupt explained that this was to fulfill the Public Viewing of the request of Parkman Trustees to vacate the public right of way upon a portion of Doty Road. Kyle Wagamon, abutting property owner submitted a letter of support because he could not be here today. Mr. Haupt explained that they marked the three pins marked on a preliminary plat. Mr. Haupt asked the Board to walk to the pins, noting that the previous action set the three pins of the original unnamed, non-numbered portion that was vacated. Mr. Haupt pointed out the lot lines, explaining the pins, showing that this action will give Mr. Wagamon sixty feet, and a turnaround will be worked out with Mr. Gates and the Trustees. The action being requested is to vacate the public right of way of the highway easement over the property of Mr. Wagamon and Mr. Gates. Mr. Dvorak inquired about if the Parkman Trustees would be putting in a T-turn or cul de sac? Mr. Haupt stated that they are not required but have shown sketches to them that would allow for plows and firetrucks. The spot they were standing in defines the limits of the area. The road was

*originally dedicated and went all the way to 422, and this un-named non-numbered road went to a mill on Mr. Gates property, Mr. Delfs stated that you can follow the farm path. Mr. Haupt showed Mr. Lennon the sections dedicated and when they were vacated on the plat. Finding the evidence in the fields is huge, they are vintage. Mr. Delfs stated that the original post could be there but they have enough monumentation, the original remnants could be there or rotted away. There are fences that are actual physical evidence that backs up the call of the original monument. Mr. Haupt stated that while there were no houses here, the posts that were here were property markers and everyone knew what belonged to who.*

*There was a brief discussion about the bridge on Nelson Road and its condition. Mr. Morgan noted that it was done prior to the 2006 when the sewer was put in. Mr. Goodrich explained that the pins are as tight as they can set them from the evidence they have.*

*Being no further comments or questions, the Public Viewing was closed at 11:46 a.m.*
