The President of the Board, Ralph Spidalieri opened the meeting at 9:04 a.m. by leading the Board and audience in reciting the Pledge of Allegiance.

COMMISSIONERS OFFICE - COUNTY ADMINISTRATOR'S REPORT

Mr. Lair reported on the items approved May 25, 2017 by the County Administrator, that included for the Transit Department the approval of hiring Robert Kent to the position of Part-time Driver (#2210-1) to be effective May 30, 2017 at the rate of \$13.97 per hour with a one year probationary period; a service Contract Agreement for the Department of Water Resources with Aqua-Line to perform lead detection surveys of the water distribution system for Bainbridge Township and the Services Center during the Year 2017 in an amount not to exceed \$4,570.00, authorized by Resolution #17-006 under the direction and supervision of the County Commissioners that was approved January 9, 2017 pursuant to O.R.C. 305.30.

APPROVE FINANCIALS*Fiscal Specialist Deborah Ashburn explained the financials for today as including a Then and Now for the Department of Job and Family Services for a Travel; a payment to Lebanon Ford for \$163,592.00 for the Sheriff's Office for Six Ford Interceptors; a payment to Lebanon Ford for \$111,328.00 for the Sheriff's Office Rotary for four Social Security Task Force vehicles; a payment to Motorola Solutions for \$89,040.00 for the Sheriff's Office 800 Communication Services; and a payment to Bergren Associates for \$38,758.00 for the Department of Water Resources for two pumps to maintain equalized water pressure.*

There was a brief discussion regarding the purchase of vehicles off the State Bid price versus going with a local dealership that may match or beat the State price and keep the business local.

Motion: by Commissioner Lennon, seconded by Commissioner Claypool to approve and execute Resolution #17-070 itemizing the financials for the meeting of June 1, 2017.

BOARD OF ELECTIONS – DISCUSS VOTING EQUIPMENT

Deborah Reiter and Ed Ryder came before the Board to discuss the Ohio Secretary of State Advisory 2017-04 in regards to the county's interest in new voting equipment. Ms. Reiter stated that the State is requiring the discussion for the need and will be providing funding for the purchase that will require a match of local funds that could be a percentage between 20-30% of the total. Ms. Reiter stated that the current equipment was purchased in 2006 with the aid of HAVA funds and that they were looking at replacing that equipment through ES & S who is a

leader in the industry for the equipment. Replacement cost would be \$1,332,765.60 and would include the cost of maintenance and software for five years. Ms. Reiter noted that depending on the budget approval the equipment will arrive in 2018 or 2019. Mr. Ryder agreed with Ms. Reiter about the leasing of equipment prior to the last election as a way to avoid any issues. The question was raised about leasing the equipment versus purchase. Over time it would be less expensive to purchase, plus, in order to receive the funding, it would be necessary to purchase.

There was discussion about the types of equipment, the associated costs and the types of equipment. It was noted that Geauga would not get away from paper, that it's always good to have the paper as a back up to the machines. The cost will be submitted and when the budget is approved they will be notified.

COUNTY ENGINEER'S OFFICE – MEMORANDUM OF UNDERSTANDING – GEAUGA COUNTY ENGINEER – GEAUGA NUISANCE CONTROL – REMOVAL OF DECEASED DEER

Mr. Lair explained that this agreement is a continuation of the agreement that was arranged and agreed upon last year for the removal of dead deer by Geauga Nuisance Control. The Board will cover the fees up to \$9,000.00 and then any expense over that will be covered by the County Engineer's Office.

Motion: by Commissioner Lennon, seconded by Commissioner Claypool to approve and authorize the President of the Board to execute the Memorandum of Understanding among the Geauga County Engineer, the Geauga County Board of Commissioners and Geauga Nuisance Control regarding the removal of deceased deer within the county highway public right of way for the period June 1, 2017 through May 31, 2018. DISCUSSION – VACATION POLICY

Mr. Spidalieri inquired if they could look at a policy to pay out vacation time for those employees exceeding the 200 hour maximum. It was noted that you could set parameters of a maximum number taken during a payroll period. Mr. Claypool expressed that there is a purpose of vacation time for mental health. Mr. Lair added that if the Board could have other elected officials put a cap on the number of hours of vacation accrued that would eliminate the statutory cap of three years and reduce the amount of payouts.

NOACA

Mr. Claypool stated that he asked Mr. Morgan about circumventing NOACA and working directly with the EPA for a sewer plan. Mr. Claypool asked the Board if they have any issue with moving forward to make a formal request to the EPA. Mr. Morgan noted that according to the law the request would be directed to the Governor's office.

Mr. Claypool noted that he has been working on obtaining commentary on the Water Quality strategy that NOACA has put together and requests that we no longer work with NOACA on that strategy. Mr. Claypool stated that they wanted to make a request to the EPA and see what the response would be. Mr. Morgan stated that we would need to put together a committee of the players that are already working on the strategy.

Commissioners' Journal
June 1, 2017

Mr. Spidalieri asked that a letter be drafted to work on scheduling a meeting with John Eklund, Sarah LaTourette, David Joyce and our County Engineer to discuss the options and where we stand with NOACA.

Both Mr. Claypool and Mr. Lennon agreed that they wouldn't have an issue with NOACA if they did what they were created to do with Roads and Bridges, but all the other things they are getting involved with raises a lot of concern.

Local resident Diane Jones expressed that she feels that this is a topic that hasn't been discussed with legislators but would be a good meeting for citizens to attend and provide feedback. Mr. Claypool noted that our current EPA Director lives in Geauga and did go to NOACA about the document and made them make changes.

MAINTENANCE – OPERA HOUSE ELEVATOR

Mr. Vernick explained that they had received pricing to do repair work on the shaft of the elevator, and the lowest price received was just over \$49,000.00. Mr. Vernick noted that they have to remove the shaft and casing and are hoping that nothing collapses because the area does not include PVC to support the hole. PVC will be installed with the new shaft. Mr. Vernick stated that if we have any issues and have to re-drill we could see some additional cost. There will be some jackhammering during the day, to avoid after hours and weekend work as a way to reduce cost. Mr. Vernick noted that the shaft goes 35-40 feet down under ground. A contract for the work will be coming. Mr. Lennon inquired about history, to which Mr. Vernick stated that just since 2013 we have spent about \$54,000.00 in maintenance and repair. They briefly talked about the Opera House building being mostly owned by the county, with a section being owned by an insurance agency.
