**DEPARTMENT ON AGING – ACCEPT AND AWARD BIDS – HOME CARE SERVICES:
ASSISTANCE WITH DAILY LIVING FOR GEAUGA RESIDENTS AGE 60 AND OVER**

Director Jessica Boalt explained that they had gone out to bid for the Home Care Services: Assistance with Daily Living. Social Worker Reba Dykes stated that the four agencies that bid are being requested to award units of service. Ms. Dykes explained that they need 33,670 units of service which one unit is equivalent to one hour paid out at \$24.00 per hour with a total contract of \$808,080.00 for two years. Ms. Dykes stated that they compared the number of units bid and what they are currently under contract and subcontract for taking into consideration of the capacity that they could handle. Client surveys are completed annually and have received good response on the agencies currently being worked with. Ms. Dykes stated that the units are used for non-skilled home care within the home, explaining that an assessment is done on the client for function and a care plan is developed based on that. Generally it's bathing assistance, trying to keep clients in their home but keeping in mind that if a client needs additional care it is suggested to the family. Home health care is a hard job.

Ms. Dykes stated that two years ago they started looking at the client income and based on what they can contribute, there is a small \$10.00 co pay while others that are on Medicaid, food stamps, below income level they are subsidized for the full amount. Currently about 50% are paying a co pay for their care. There was a discussion on how the agencies are chosen for which clients, noting that all agencies are required to travel throughout the county, but they try and consider a geographic area. Ms. Boalt explained that they are given a report and service log for each visit for each client and the client has to sign off at the visit and they are reviewed to make sure they are receiving the care that they are supposed to be. While four hours a week is not a lot of time, it's often the only contact they have all week, some clients have family that is not close.

Motion: by Commissioner Dvorak, seconded by Commissioner Spidalieri to accept and award the Bid to Maple Grove Enterprises Incorporated d.b.a. First Light Home Care for Home Care Services: Assistance with Daily Living for Geauga Residents Age 60 and over in the amount of 2,500 units of service for the period August 15, 2019 through August 14, 2021 (two years) at a reimbursement rate of \$24.00 per unit for a total amount of \$60,000.00.

GEAUGA COUNTY AGRICULTURAL SOCIETY – ANNUAL UPDATE

President Dave Parker and Secretary Paul Harris thanked the Board for their continued support of the Fair. Mr. Parker stated that Geauga County continues to be a leader at the State with the Boards support, and that we are often envied for the relationship we have. Mr. Parker explained that during the 2018 Fair the first day we had rain, but then it warmed up and at the end we had more rain. Attendance overall was up, with just over 204,000 people. Mr. Parker stated that they didn't have any big projects last year so mainly did maintenance. Mr. Harris added that they had double spent the year before so funds were low.

Mr. Parker explained that they added a new exhibit last year called blankets for babies, the entry would be donated to the neonatal intensive-care unit at Rainbow Babies and Children's hospital following the fair. Mr. Parker explained that now knowing how it would be received they had

Commissioners' Journal

over 80 entries and some donated a second blanket when the entry was dropped off. They plan to do it again this year. Mr. Parker stated that they made a change to the gate fee, lowering the age from 12 to 6 and under free not having a lot of push back, they are doing it again this year. Their Treasurer had some medical issues and stepped down, so after a search they found a new Treasurer, Ms. Cochran, who also is the Summit County Treasurer.

Mr. Parker stated that as for capital projects this year, they took down the heritage building and they are putting up a new building that is slated to be completed by August 1st. They added two used zero turn mowers to try and keep up with the grass. They are currently looking for a new loader. The upcoming CDBG funding for next year they will be able to connect the asphalt between two mid ways up to the bathrooms.

Mr. Parker stated that they have a new circus act this year on the mid-way, Chris Higbee is coming back again for a free show, always a favorite. Trying something new this year, instead of two demo derby's they are going to do one and on Thursday will be a KOI drag racing to the main grandstand. They will drag anything you bring. Still have the truck pulls and rodeo. Fair band is going strong again and will be doing two shows daily. Mr. Parker stated they are going to try something new with the ride company, Bates Brothers by doing an advance sale ride pass, a \$5 pass and a week long ride pass for \$60.00 as a way to try and generate more ride attendance.

Mr. Parker stated that they are still planning for the Bicentennial in 2022 and they have voted to add an additional day in 2022, starting on Wednesday. At this point everything will just shift one day, and instead of showing, they can have celebration festivities. There was a brief discussion about fireworks. Mr. Parker brought up an idea that has been talked about to put in a multi-purpose building where the merchant hall is located. Mr. Parker expressed a desire for it to be done for the bicentennial but getting the funding is the key. Mr. Harris added that the hope is to make it a year round building and include a permanent museum. Commissioner Spidalieri inquired about a size they were looking at. Mr. Harris talked about one they recently looked at in another county that is 125x300 and cost \$2.2 million. Mr. Spidalieri talked about no facility being big enough for large events. Merchant Hall #2 sold the blocks to build the facility in the 60's then became a 4-H facility and then the merchant hall, but it has outlived its life. Mr. Lennon inquired about grant funding. Mr. Spidalieri expressed that it would be a big plus for the county and that he would support it. Mr. Harris stated that the next problem is lodging that is always an issue. There was mention of the expansion of the fairgrounds at Mount Hope and that private funding was received and didn't know if we could have a commitment of private funding here.

Mr. Parker explained that Junior Fair 4H is going great and that they had purchased new software so all entries will be done online first and if all goes well then move to the adult entries. The grounds continue to be used every day.

Mr. Parker brought up the hot topic of Berkshire Schools and that they continue to be in talks with Superintendent Stoddard and work to do what is best for the fair. Mr. Spidalieri expressed that he doesn't want to step on the Fair Boards toes, and that there is a value to the County of what that fairgrounds holds. Mr. Harris added that the biggest problem now is miscommunication, because they haven't been approached with anything. Mr. Lennon stated that ideas have been out there but that neither the Commissioners or the Fair Board been approached with a plan.

Mr. Parker presented the Board with their fair and parking passes. Ms. Blair noted that the current lease is due to expire in April of next year, but that she forwarded it to the Prosecutor's Office, while we have time, it's good to get started. Commissioner Dvorak asked them to show on a map of the fairgrounds where they would like to see a new building. Mr. Dvorak inquired if they have been asked for more showers and bathrooms by the campgrounds. Mr. Harris responded, always, but that is something that they do need, and if the waterline is looped from the Village, they could look at adding bathrooms. There are about 317/320 campers in the campground, but it is an area that could use them. Mr. Spidalieri inquired about our 4H program, in an overall fair, top 5, but Junior Fairs in the state can pull some high prices. Mr. Harris noted that they had just finished our audit but the auditor wanted to call Mr. Preston. Mr. Dvorak noted that with all the categories and moving parts of a fair, if you want to see a good beef show, you go to one that has a larger capacity of that one entry.
