The Geauga County Board of Commissioners met in session on June 23, 2022 at 9:30 a.m. in the Commissioners' Chambers located at 470 Center Street in Chardon, Ohio.

It is declared and determined that all formal actions of the Board of County Commissioners concerning and relating to the adoption of all resolutions that were adopted in this meeting, and that all deliberations of the Board of County Commissioners that resulted in such formal action were open to the public and were in compliance with all legal requirements, including section 121.22 of the Ohio Revised Code.

The President of the Board, James W. Dvorak opened the meeting at 9:37 a.m. by leading the Board and audience in reciting the Pledge of Allegiance.

**Commissioner Spidalieri was absent from today's meeting.*

Commissioner Dvorak read the following prayer:

Light of the World

Jesus, the Light of the World, as we celebrate your birth.

May we begin to see the world in the light of understanding you give us.

You are close to the challenged, the outcasts and the poor to receive the greatest news the world have ever known, so may we worship you in meekness of the heart.

May we also remember our brothers and sisters less fortunate than ourselves

Amen

ADP BOARD – KINETIC BUSINESS SERVICE AGREEMENT – AMENDMENT TO WINDSTREAM AGREEMENT, SERVICE AGREEMENT SUMMARY, LETTER OF AGENCY AND WINDSTREAM VOIP 911 DISCLOSURE

ADP Administrator Frank Antenucci explained that with the move to new building they took a look at the phone system and have combined all three into one large agreement and an upgrade for the phones. Instead of purchasing the phones they will be leased as part of the service and will get the phones updated in the new building. Mr. Antenucci noted that some things cannot be combined, monitoring is one of those things that have to remain in place, adding that the State System for Job and Family Services has to remain until some things can be switched over. Clerk Christine Blair added that this was being done as an amendment to the agreement and is for a period of sixty months.

Motion: by Commissioner Lennon, seconded by Commissioner Dvorak to approve and authorize the President of the Board to execute the Kinetic Business Service Agreement, Amendment to Windstream Agreement, Service Agreement Summary, Letter of Agency and Windstream VoIP 911 Disclosure for the addition or changes to services for a period of sixty months, replacing all current Windstream accounts and costs.

BOARD OF MENTAL HEALTH – RESOLUTION DECLARING IT NECESSARY TO LEVY A TAX IN EXCESS OF TEN MILL LIMITATION – REQUEST CERTIFICATION OF AUDITOR OF DOLLAR AMOUNT GENERATED – AT THE REQUEST OF THE BOARD OF MENTAL HEALTH AND RECOVERY SERVICES

Amie D'ariento presented information to the Board that included a resolution approved by the Board of Mental Health and Recovery Services to move forward with putting the renewal levy and requesting to have it on the ballot and the second page include a chart showing how the levy dollars were spent. Ms. D'ariento explained there are two levies, this renewal is for the behavioral health, the other grant includes drug and alcohol. Ms. D'ariento explained that due to grants that were obtained has allowed them to use tax dollars allocated in the House and Senate for Mental Health they did not have to use local levy dollars. Fiscal Officer Jim Mausser explained that the levy being requested is a .5 mill renewal. The current levy collection is what is being reduced by the Budget Commission, the grant dollars were utilized not levy dollars, however, the grant funding is not guaranteed, and the levy dollars would be necessary for services to continue. Mr. Mausser stated that they have a capital project they are hoping to build an apartment complex to house mentally ill, and it looks as if that will be pushed off until next year. Commissioner Lennon asked what the carryover was, to which Mr. Mausser stated it was \$4.6 million and the reduction would reduce it \$790,000.00 and bring it down under \$4 million and move another \$1.4 into a reserve fund for the match on the capital project and then that would reduce the reserve down to the level the Budget Commission approves of. Mr. Lennon noted that Job and Family Services also had to reduce their levy collection due to a higher carryover, adding that it is temporary. Ms. D'ariento stated that the grant funding is being used to handle the services instead of using levy dollars. The Mental Health Board is a pass-through agency for services. Mr. Lennon is in favor of the renewal, just was questioning the timing of the renewal. This levy is being put on early in order to keep in the budget next year. There was a brief discussion about the Federal funding coming in through SAMSA that is being handled through OHIOMAS. The types of agencies and the services they provide were discussed in that the programs are all different and unique in what they offer and the best type of care that can be provided to the residents.

Commissioner Dvorak stated that he is in favor of helping people who cannot help themselves but feels that since they cut their levy because they have too much money and this levy is being put on the ballot early, he is hesitant. Ms. D'ariento stated that the grants that are available now may not be available in the future, they are on a two-year cycle, if they are available in two years they would then reduce the levy collection to utilize the funds. Mr. Mausser added that their .7 mill levy is also due next year and feel it would be tough to put both levies on the ballot at the same time. The current .5 mill levy is being voluntarily reduced to a .25 collection. The renewal levy will remain at the .5 mill amount.

Ms. Blair added that several years ago there was change in levy language regarding the rollback from the state, previously the Mental Health Board requested a levy that was a renewal and an increase, the Commissioners requested Mental Health split it, do the renewal separately from the increase because they didn't want them to lose their funding if it failed. Ms. Blair added that this is step 1 of the 2 step process which requests the dollar amount that would be generated by the levy.

The Board of Mental Health and Recovery Services is requesting the Board approve and execute Resolution #22-116 Declaring it Necessary to Levy a Tax in excess of the Ten Mill Limitation and Requesting Certification of the County Auditor of the Dollar Amount Generated at the Request of the Geauga County Board of Mental Health and Recovery Services, as Authorized by O.R.C. 5705.03, .19, .1914, .221, .26 and .26.

Mr. Lennon made a motion, died for lack of a second – it was then rescinded by Mr. Lennon as Mr. Dvorak made a motion to table it until further information could be obtained. Mr. Lennon agreed with what Mr. Dvorak is asking and wants to find out more of why they are going out early.

Motion: by Commissioner Dvorak, seconded by Commissioner Lennon to table the item until additional information can be obtained.

DEPARTMENT OF WATER RESOURCES – MONTHLY FUEL SURCHARGE TO CUSTOMER ACCOUNTS – MOTION DIED

The Department of Water Resources is requesting the Board approve a \$1.00 per month Fuel Surcharge to be applied to Water Resources customer accounts to be effective August 1, 2022.

Ms. Miller asked the Board to approve a \$1.00 per month fuel surcharge to their customer accounts. Mr. Dvorak asked how they came to that amount, to which Ms. Miller explained that since 2018 the fuel costs have increased 50% and with about 6200 accounts gives them about \$31,000.00 for a one-year period to help offset fuel costs. Mr. Lennon stated that people are getting dinged all over and he is not in favor of hitting the tax payer for another charge. Mr. Dvorak agreed with Mr. Lennon and there are increases coming in January of an additional \$4.00. Mr. Lennon stated that we can't just keep putting it on the customer, there has to be another way.

Motion: by Commissioner Dvorak, died for lack of a second.

DEPARTMENT OF WATER RESOURCES – APPROVE REVISED RATES AND FEES

Ms. Miller asked the Board to revise some rates and fees that include copier charges, items in the water section regarding water pits, and instead of cost-plus five percent, the prices have sky rocketed on them, deposit hold checks are going from \$500 to \$1,000 for temporary meters which gets returned when they return the meter, along with a tap in fee for the Bainbridge waterline loop closure that is being extended.

Mr. Lennon inquired about the carryover cash for the Department to which Ms. Miller stated that it's between \$2 - \$3 million due to December / January billing.

PUBLIC COMMENT

Commissioner Dvorak expressed that his family came from the Police and Fire Departments in Bedford from the 70's and 80's and he takes it to heart when someone verbally attacks a police officer. This is just his feelings, but on April 6th at the Board of Mental Health the DARE program was presented for grants. This is the regular and Amish DARE programs and it's a LOSS program that is given a minimal grant amount of about \$5,000.00 to \$10,000.00. It bothers him that we had two officers in uniform, and on the badges and cars it says "To Protect and To Serve" and he doesn't appreciate that questions were asked in a such a way that was embarrassing, noting that a specific person was asking for specific numbers and the breakdown. Mr. Dvorak noted that Deputy Powers would typically present the program for the grant, however he has retired and the officer that teaches the program in the schools was there to present and when you aren't the one that runs the numbers you might not have the breakdown of the specifics. Mr. Lennon expressed that we support the DARE program. Mr. Dvorak noted that in the audio that he requested of the meeting that the person who was asking the questions claimed that he had police officers that said the DARE program doesn't work. Mr. Dvorak felt that it was embarrassing to the officer in uniform to be asked these questions this way, adding snide comments and remarks. Mr. Dvorak stated that he attended the Amish DARE program graduation and those kids looked up to those officers, teaching them how to remember license plate number to aid and assist them, adding that they had been having issues with kids being abducted. Mr. Dvorak asked the Board members to help him understand why they voted no and feel that this program doesn't work. Mr. Lennon asked if he had called and ask them. Mr. Dvorak stated that he was demanding a letter of apology be issued or explain why they voted no, to Sheriff Hildenbrand to these officers, adding that no one should be rude to our employees that give presentation, because these people work for us and the residents that they serve. It's a hand up not a hand out.
